

AM-EM5000 ELECTRIC & AIR POWER TOOLS

**RED ROOSTER
LIFTING**

RAISING EXPECTATIONS

The **AM & EM** series from Gebuwin is a range of electric and air power tools to operate winches. This is just part of Red Rooster Lifting's full range of Gebuwin equipment available.

The AM & EM5000 power tools from Gebuwin are very effective alternatives to manual power. Moving heavy loads will go three times faster than manually operating the winch. The AM5000 power tool is powered by air and so can be ATEX certified.

The power tools are an alternative to the manual drive and are only used for short and non-frequent applications. The combination of a hand winch and these power tools are not an alternative to an electric winch

STANDARD FEATURES

- Robust slow speed drive units
- Easy to operate
- Reversible rotation
- Suitable for use on worm gear winch models from WW1000-7500
- Because of a swift and easy connection system this unit is well equipped to serve various winches on one location

AM5000 FEATURES

- Air motor is equipped with a filter and hose fitting
- Painted air motor and zinc plated adapter system
- ATEX certified zone 2 and 22 (EX)
 - CE II 3G Ex IIC T4 Gc, -20°C<T amb <+70°C
 - CE II 3D Ex IIIC T135°C Dc, -20°C<T amb <+70°C

EM5000 FEATURES

- Electric drill motor 230 V - 50 Hz
- Metal gear head with MT4 holder
- Zinc plated winch adapter, additional handle, drift key and suspension eyelet
